

Agreement Regarding Consumption of Alcohol on the Hiatus

I understand and acknowledge that the Laguna Woods Yacht Club (the "LWYC") has the following rule regarding the consumption of alcohol on the Hiatus: Under no circumstances may alcohol be served or consumed by anyone on the Hiatus or any other vessel owned by or operated on behalf of the LWYC (collectively referred to herein as the "Vessel") while the Hiatus or any other Vessel is being operated either under sail or under power (the "Rule"). In consideration for my being permitted to continue as a skipper for the LWYC, I represent and warrant that I will abide by the Rule whenever I am acting as skipper on the Hiatus or any other Vessel and will never permit alcohol to be served or consumed by anyone on the Hiatus or any other Vessel unless and until the Hiatus or other Vessel is docked and all bow and stern lines have been securely attached or unless the Hiatus or other Vessel is securely moored or anchored. I acknowledge that my failure to sign this agreement and abide by its terms will result in the immediate termination of my status as a skipper for the LWYC.

Notwithstanding the foregoing, from time to time, the Board of Directors of the LWYC (the "Board") may decide, in its sole discretion, that the Rule shall not apply in connection with certain events such as the Duffy Boat event (the "Special Events"), in which the owners, charterers or lessors of the vessels involved in such Special Events anticipate and authorize passengers to consume alcoholic beverages. With respect to such Special Events, the Board will notify skippers by email that the Rule will not apply to such Special Events, that the LWYC skippers responsible for operating the vessels used in connection with the Special Events must refrain from consuming alcoholic beverages, but that passengers will be permitted to consume alcoholic beverages during the Special Events. This paragraph specifies the only circumstances in which the Rule will not be applicable to the limited extent expressly set forth herein.
